P.U.C

Letter No. 3812/3-26, dated the 7th November, 1928, from the Inspector of Schools, Coorg and Bangalore.

In accordance with the orders of the Government of India contained in S.N. 22, we should submit in autumn detailed proposals for the amounts provided in the Assigned Tract budget on account of educational expansion in the Civil and Military Station, Bangalore.

The detailed statement (B) submitted by the ----- Inspector has been checked and agrees with the amounts provided in the next years' budget estimates, with the exception of the item relating to the pay of one Assistant Master and one Music Instructor in the Government ---- Training School. The pay provided in the next year's budget estimates for these two teachers is Rs. 1620/-, but in the Statement it is shown as Rs. 1680/- i.e. the amount sanctioned by the Government of India in para 2 item 5 of S.N. 11 for 1929-30. The actual amount required is only Rs. 1620/-. Necessary correction has therefore been made in the statement. Draft letter to the Government of India is submitted for approval.

(B)

In paragraph 1, item (2) of letter No.203-I/26, dated the 4th March, 1927, the Government of India in the Foreign and Political Department have approved of the programme submitted by the Resident for the opening of twelve new elementary schools in the Civil and Military Station, Bangalore, but considered that it would be sufficient to construct only six buildings during the quinquennium 1927- 28 to 1931-32 at a cost of Rs.10,000/- each. In addition the Government of India have sanctioned Rs.200/- each for the purchase of equipment for each of the 12 schools.

S.N.13
83-26.
(F)

In paragraph 1, item 2 of his letter No.1210/55-24, dated the 14th May, 1927, the Inspector of Schools, has made the following suggestions:-

"According to the statements B and C submitted by me the Municipal Girls' School, Puduparacheri is the only institution to be opened in 1927-28 * * * * *

'The building is ready and we can immediately proceed to open the classes i.e., with effect from the 1st June, 1927.

1927.

"Owing to the construction already, of the building for the Puduparacheri School, the non-recurring grant of Rs.10,300/- for construction and equipment of Municipal Schools during the current year is available for expenditure. I propose that this be utilised for the purchase of sites (if necessary) and the construction of buildings programmed for 1928-29 for (1) Fraser Town Muhammadan Girls' School and (2) Municipal Girls' School, Blackpalli. If small buildings are constructed of the type of the Fraser Town Girls' School, I think we shall not require more than Rs.5,000/- each. I suggest that the amount may be transferred to the Municipal Commission, with whom I shall open correspondence in regard to the sites and plans"

(3)

According to the Inspector's suggestion, the sum of Rs.16,702/- (including Rs.10,300/- for opening new elementary schools) and Rs.2,300/- for constructing additional rooms to the Municipal Hafizia School, was placed at the disposal of the President, Municipal Commission vide S.N.14/83-26.

+ Sup D

(4)

The grants were not utilized by the Commission during 1927-28 as suggested by the Inspector, but they have got the following amounts still unspent:-

(1) Opening of new Municipal Elementary Schools (Non-recurring)	...	Rs.10,300/-
(2) Construction of two additional rooms in the Municipal Hafizia School building (Non-recurring)	....	Rs. 2,300/-
(3) Balance available under the recurring grant of Rs.4,102/-	...	Rs. 677/4/6
Total		Rs.13,277/4/6

The

The Audit Officer has taken objection to this and asked the Inspector to state what steps he has taken to adjust in the current year the unspent portions of the grants sanctioned during 1927-28 for specific purposes.

The grants under the five years' programme are made from Central Revenues. With a view to satisfy the Audit Officer's objection, the following suggestions are made for consideration:-

Item (1) According to the programme sanctioned by the Government of India the Municipal Girls' School at Puduparacherri should be constructed in 1927-28. The Commission did construct the building in question at a cost of Rs.8,777-0-9. As the building had been completed before the sanction of the Government of India was received the cost of construction was debited to the balance of Educational grant paid some years' back from the Mysore Assigned Tract Funds.

The Municipal Commission may now perhaps be asked to debit the cost of the building to the grant sanctioned under the five years' programme according to the orders of the Government of India. If they do so there will be a balance of Rs.1522-15-3. (i.e. Rs.10,300 - 8,777-0-9).

Under

S.N.30/A
83-28.

Under the orders contained in paragraph 1 (ii) of letter No.2303/Edn., dated the 17th October, 1927, from the Government of India, Department of Education, Health and Lands, any savings which may accrue from the allotments made for the five years' educational programme and which the Local Administration may not desire to utilise for other purposes should be surrendered to the Government of India. Savings accrued in 1927-28 and it appears that we cannot utilise them for other purposes now, without the orders of the Government of India. The Commission may perhaps be asked to refund to Central Revenues the sum of Rs.1,522-15-3 less the amount spent by them on equipment.

Item(2.) The President states that a sum of Rs.2,300/- has already been placed at the disposal of the Municipal Executive Engineer for the construction of two additional rooms in Hafizia School. The Commission may perhaps be allowed to utilize this non-recurring grant for the purpose for which it was sanctioned.

Item(3) .The savings under the recurring grant may perhaps be credited to Central Revenues.

Draft reply to the President, Municipal Commission, together with an endorsement to the Inspector of Schools

and

and the Audit Officer is submitted for consideration.

(From para 1)

T. N. Thangavelu
Mudaliar
4-12-1928.

(12)

The whole procedure has been irregular, and I must consult the P. & A. O. before taking further steps in the matter to see whether we can evolve some means of straightening matters out.

If the cost of Puduparacheri School is now debited against the grant from Central Revenues, there must be a write back of Rs 10,300 to the credit of the Assigned Tract grant from which the cost was originally met. What was the Assigned Tract grant? Presumably the amount will lapse to Assigned Tract revenues & not remain with the Municipality.

Send the file w/o to the P. & A.O. and ask him kindly to discuss the matter with me as early as may be convenient.

Reply awaited. Further communication from Mr. Cooke is awaited I.N.T. 12-12-28

I expect Audit will object to this being done. ADC

THE PAY AND ACCOUNT OFFICE
Date 15 - DEC. 1928
Current No. 166
File Case No.

N. G. No 11199

(14)

The Municipal Commission drew Rs.16,702 during 1927-28 for expenditure on schemes included in the Five year Educational Programme, but a sum of Rs.3424-11-6 only was spent during that year leaving a balance of Rs.13277-4-6.

(15)

For the year 1928-29, a sum of Rs.23100/- was drawn for expenditure on the five year programme.

(16)

'A'

The Audit Officer, Bangalore, in his letter No.Bang.Audits 16-832 dated the 15th October 1928, requires that the entire unspent balance of Rs.13277-4-6 should be credited to Government.

(17)

'X'

His authority is the Secretary's remark against item (3) in para 2 of his letter$ No.6362/86-1900 dated the 6th July 1927 that the Inspector of Schools would be asked to see that the balances, if any, in any one year, of the grants-in-aid paid annually in March to the Municipal Commission for the maintenanc of six Municipal Girls' Schools and of the grant of Rs.4640 paid annually for the maintenance of the Municipal Gardening School, are deducted from the next year's grant.

(18)

'B'

It will be noticed that this has nothing to do with the expenditure from sums drawn under the five year educational programme.

(19)

Perhaps the Audit Officer considers that the two are analogous cases and what applies in the one case should apply to the other. But the Secretary's letter of July 1927 referred only to Maintenance grants whereas the balance of Rs.13277-4-6 includes nonrecurring charges as well.

(20)

'D'

2. Rs.16702 drawn by the Municipal Commission is made up of the following items (Vide Resident's Proceedings No.4586 dated 20th May 1927)

	Grant.		Expenditure.	
	Non-recurring.	Recurring.	Non-recurring.	Recurring.
(1) The raising of three Municipal primary Schools to the middle standard.	2300	1232		
(2) Opening of 12 new Municipal Elementary schools.	10300	2000		1591-5-0
(3) Opening of 5 Municipal night schools for adults.	-	150		95-2-0
(4) Appointment of a Lady Superintendent of Girls Schools.		720		420-0-0
	12600	4102	-	
	16702			

(21)

If any sum should be refunded to Government, it would be the unexpended balance of Rs. out of the recurring grant of Rs.4102/- that is, Rs... . only.

(22)

3. The procedure regarding the expenditure from the amounts sanctioned under the five year programme was also definitely laid down by the Government of India Foreign & Political Department in their No.204 I/26 (535) dated 8th November 1927.

(S 35)

(23)

Government of India wanted that the savings, recurring or non-recurring , on account of the giving up of any item of the programme should be reported to them and that if it was not porpos-ed to utilise such savings on any other fresh proposal, they should be at once surrendered to the Government of India.

(24)

They also passed orders that any amount from the allotmen made for the five year programme should not be diverted to an object non-educational in character, without the special sanction of the Government of India. At the same time they stated their intention that the programme fixed for 5 years should not generally be added to, or extended or altered but permitted any educational scheme not included in the programme but considered essential by the Local Administration being fitted into the existing programme.

(25)

These orders would appear to make it clear that no surrender of savings in a particular year is contemplated.

(26)

It stands to reason too that it should not be so surrender-ed as the provision for each year is made with regard to financial considerations, and not necessarily with respect to the actual amount that may be required for expenditure in a particula year. Thus, all school buildings are not even estimated to cost Rs.10000/- each but it is ~~merely~~ merely the average of the estimated cpst from Rs.8000/- to Rs.12000/- according to the size of the building. See Resident's remarks against item No.II in his letters to the Government of India No.7632 dated the 3rd Septembe 1926.

(S10)

(27)

Government of India have provided Rs.10,000/- for construction of buildings in each of the years 1927-28 to 1930-31 and Rs. 20,000 in the year 1931-32. Obviously the provision is not

based

based on the actual number of schools that could or should be built in each year, but on the funds that Government of India are able to find in each particular year.

(28) The above considerations cannot however apply to recurring expenditure. It seems that whatever could not be spent in a particular year should ordinarily be surrendered to Government of India.

(29) 4. As regards the expenditure on the construction of the building for the Puduparacherry Girls' School, there appears to be some confusion.

(33) Mr. Saunders, then Inspector of Schools, included this as one of the buildings to be constructed under the five year programme. Vide statement C enclosed with his letter No. 2065-1-26 dated the 2nd September 1926 which he estimated at Rs.8000. He also stated that the expenditure (on the building) would be incurred for the first time ~~on the building~~ in 1927-28.

(S 9. Hag C. 9 in 1 in his St.)

(31) (S 13) Mr. Yates, however, in his letter No.1210/55-24 dated the 14th May 1927 stated that the building had been already construct-ed and proposed that the sum of Rs.10,300/- (Construction Rs.10000 equipment Rs.300) may be utilised on other schools included in the Five year programme.

(32) The orders of the Resident (his proceedings No.4586 dated the 20th May 1927) did not refer to the names of the schools for which Rs.10300 was provided, but the Resident generally approved of Mr. Yates' proposals (vide letter No.4587/83-1926 dated the 20th May 1927) for utilising the grant.

(S 15)

(33) In spite of this, the Administration Report for 1927-28 showed that Rs.10300/- was specifically given for the opening of the Girls' school in Puduparacherry. This was evidently not accurate.

(p 87 of his AR Report-)

(34) The provision for the school in the 5 year programme should it appears be considered as a saving which should be surrendered to the Government of India under the orders communicated with No. 204 I 26 dated. 8.11.27

(S 35)

(35) Another view that may possibly be taken is that expenditure incurred on an item included in the five year programme,

programme is legitimately chargeable to the provision made under that programme, however and whenever the expenditure might have been actually met. For instance there should be no objection if the Municipal Commission spent Rs.15,000 on the building of schools included in the programme in a year for which the provision was only Rs.10,000/- and recouping themselves with the extra 5000 in a later year. But considering that the Puduparacherry Girls' School was specifically provided for in the previous educational programme (1922-26) and funds were drawn therefor from Government and utilised by the Municipal Commission, this view does not appear to be acceptable. (Vide item 19 in the List at L).

(36)

The proper thing to do, in the circumstances, seems the to surrender the amount drawn for this school (Rs.10300) to the Government of India as relating to an item included in the five year programme but not carried out from the funds provided under that programme, if the amount is not required for expenditure on any educational scheme not included in that programme but considered essential by the Hon'ble the Resident In the latter case it would still have to be considered whether it is necessary to allow the money to remain with the Municipal Commission unless the additional scheme is expected to be taken up almost immediately.

(37)

6. The other item referred to by the Audit Officer is the balance of Rs.146-14-6 out of the grant for Medical Inspection of schools.

(38)

Government of India themselves suggested that a sum of Rs.2000 a year may be utilised from the savings on the five year programme for medical inspection of all the schools in Bangalore. They also said that if no savings were anticipated, they would try to find the money from recurring savings in other minor Provinces. This would appear to suggest that even savings of a recurring nature may be utilised for recurring educational purposes. We reported that no savings could be found from the amounts

sanctioned for five years programme. As the Resident can give grants for medical inspection of schools- Vide Rule 4(5) of the Grant in aid Code for Indian Schools, it is open to him to ask the Municipal Commission to utilise the balance of Rs.148-14-6 for that purpose in a subsequent year.

Bangalore (All Non-voted).

Account II Education - sub-head D-Non Government Primary Schools.

NOTES.

D. The expenditure of Rs.84,686 includes a grant of Rs.16,702/- in connection with the expansion of elementary education and of Rs.400/- for medical inspection of schools paid to the Bangalore Civil and Military Station Municipality. The actual expenditure as per accounts of the Municipal Commission against these twp grants was only Rs.3425/- and Rs.251/- respectively The disposal of the unspent balances viz., Rs.13,426 is under correspondence.

A further sum of Rs.7110/- was reported as unspent balance on 31-3-28 of grants paid in previous years for construction of schools. The works are reported to be in progress.

Secretary

(11)

Kindly see S.N. 54 and the draft reply.

Under the orders of the G. of I. re the 5 years' programme, any saving accruing through an item on the sanctioned programme dropping out, which was not replaced by another fresh item in line with the rest of the programme & which wd fit naturally into it, should be surrendered to the G. of I.

The Pudupparaeherri School shd never have been shown as an item of the 5 year programme at all, as it was completed from Assigned Tract grants without drawing on funds provided for the 5 year programme. At first I objected to the proposal in P.W.C. I. in the impression that

Slip V.

Vide para 12 notes.

the money would either have to be surrendered to the G. of I. if the item was not replaced by one that fitted into the 5 years' programme, or if it was proposed to replace it by such an item or items, we would have to scrutinise what was proposed carefully to see that it fitted into the 5 years' programme, and not be expended in the airy way suggested in p. n. c. I" on the timeliness of sites (if necessary)

(4:) I find however that the G. of I. did not sanction the whole of the 5 year programme proposed, vide S.N. 11 of file $\frac{E\ 3}{1926}$, but only agreed to a certain proportion of it, and did not specify the actual schools to be retained in the programme. There is thus no question of any item of the programme having dropped out, and the money therefor being available for surrender, but what will happen will simply be that we shall be able to carry out a slightly larger proportion of the programme than we previously contemplated.

flag B.

(4:) As regards the question whether the savings from the non-recurring grants in any one year could be surrendered, the P.A.O.'s note at paras 22—26 of the office note ante may usefully be seen.

Inspector of Schools,
Coorg & Bangalore.

URGENT.

No. Bang.Audits 16-832 Office of the Audit Officer,
Experiments,
"Mayo Hall", Bangalore.
Dated the 15th October 1928

From

C. Reilly, Esq.,
Audit Officer,
Experiments,
Bangalore.

To

The Inspector of Schools,
Civil and Military Station,
Bangalore.

Sir,

Unspent grants paid to the Municipal Commission during 1927-28.

S.N. 79 / 85-00 X

I have the honour to invite a reference to item(3) in paragraph 2 of letter No.6362/86-1900 dated 6-7-1927 from the Secretary to the Resident (a copy of which has been communicated to you) and to enquire what steps have been taken to adjust in the current year, the unspent portions of the following grants paid during 1927-28 for specific purposes.

Particulars of Grant.	Amount paid.	Actual expenditure	Unspent portion to be recovered or adjusted.	Remarks.
	Rs.	Rs.	Rs.	
Grant in connection with the 5 year Education programme sanctioned in Proceedings No.4886 dated 20-8-27	S.N. 14 / 85-26 H 16,702	3424 11 6	13277 4 6	Vide page 67 of the Administration Report of the Municipality for 1927-28.
Grant-in-aid to the Indian Institute of Science, Bangalore, sanctioned in the Resolution dated 10th August 27 of the Resident	S.N. 20 / 87-26 400	251 1 6	[illegible] 6	Vide page 93

It is noticed from the footnote in page 93 of the Adminfetration report that the grant of Rs.10,300/- (included in Rs.13,277-4-6 above) sanctioned towards the construction of building during 1927-28 was not utilised and it is in deposit with the Municipal Commission. As grants aggregating Rs.23,100 have been drawn by the Commission in August 1928 in connection with the expenditure during the current year of the five year programme (vide proceedings of the Hon'ble the Resident dated 10-8-1928), the entire unspent balances may be ordered to be credited to Government.

S. & SH
83-1926

2. The action taken on this letter may kindly be intimated at an early date as I propose to refer to this in my notes on the Appropriation Accounts for 1927-28. It is presumed that the less expenditure under recurring charges was due to the starting of the programme late in the year. Please confirm.

I have the honour to be,

Sir,

Your obedient servant,

Sd/- C. Reilly,

Audit Officer.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

S.86.81

With reference to your endorsement No.10,000/83-1926 dated the 26th October 1928 forwarding me a copy of letter No.Bang.Audits 16-832 dated the 15th October 1928 from the Audit Officer, Experiments, Bangalore, for my remarks, I have the honour to inform you that the unspent balance of Rs.13,277-4-6 was due to the following reasons:-

1. The construction of the building for Puduparacherri School was completed from the balance of old Grant, leaving the grant of Rs.10,300/- for the construction of buildings untouched.

2. As two additional rooms in the Municipal Hafizia School were not constructed during last year a sum of Rs.2,300/- was left unspent.

3. As the additional classes in the Municipal Schools at Blackpally, Ookadpolyam, Puduparacherri and also the night school at Old Poor House Road were opened late in the year, a sum of Rs.677-4-6 was left unspent.

Out of this unspent balance of Rs.13,277-4-6 a sum of Rs.10,300/- will be utilised for the purchase of sites (if necessary) and the construction of buildings programmed for 1928-29 for Fraser Town Muhammadan Girls' School and Municipal Girls' School, Blackpally, as suggested to you by the Inspector of

P.T.O.

Schools, Bangalore, in his letter No.1210/55-24 dated the 14th May 1927, and Rs.2,300/- for the construction of two additional rooms in Hafizia School for which funds have already been placed at the disposal of the Executive Engineer. The remaining sum viz. Rs.677-4-6 will be credited to the Government.

2. Owing to the prevalence of Plague during the second half of last year adequate attention could not be devoted to the Medical Inspection of Municipal Schools, as the Medical Assistants were busy in carrying out measures to prevent the spread of the disease. Hence the unspent balance of Rs.148-14-6 from the grant for that purpose, will now be credited to the Government.

I have the honour to be,

Sir,

Your most obedient servant,

President, M. C.

MVL.

C. F. 81.

To

The Secretary to the Hon'ble the Resident in Mysore,

BANGALORE.

SIR,

In continuation of this office letter No.G.T.89/28 dated 20-11-'28, I have the honour to furnish the following explanatory information in respect of the non-recurring portion of the Educational grant given 1927-'28 and 1928-'29.

The Hon'ble the Resident with his letter No.7682 dated 3rd September '26 to the Government of India, submitted along with other two statements, B. and C, containing lists of Boys' and Girls' Schools proposed to be constructed in the Civil and Military Station, Bangalore. These lists showed 6 Boys' Schools and 6 Girls' Schools, and in the latter list "Puduparachary Girls' School" was shown as one of the schools to be constructed. This was obviously a mistake, as the school was under construction when the list was submitted and was included in the first list of new schools to be constructed in the station. The Government of India however, in their letter No.203-I/26 dated 4-3-'27 accepted the proposal for opening new schools, but did not consider it desirable to construct all the twelve schools mentioned in the statments B and C. They accordingly sanctioned the construction of six new schools without any reference to the schools mentioned in the statements and also sanctioned the maintenance of all the twelve schools. As the Puduparacharry Girls' School, has already been constructed, it can be maintained from the last year's grant for maintenance with any 6 of the other schools mentioned in the statement.

The cost of construction of 12 schools was estimated at Rs.137,900 against which the Government of India sanctioned Rs.60,000 for the construction of 6 schools and Rs.3,600 for equipment of 12 schools.

The total amount of non-recurring grant drawn for construction only in 1927-'28 was Rs.12,300 and in 1928-'29, Rs.12,900 or Rs.25,200 in all against which the following estimates for construction have been sanctioned by the Commission and works are to begin shortly.

		Estimate. Rs.
(1)	Constructing a Girls' School at Blackpally (Item 2 of Statement C referred to above)	9,864.
(2)	Constructing a Municipal Boys' School at Fraser Town, Bangalore, (Item I of statement B referred to above)	7,574.
(3)	Constructing a new Boys School, Shoolay. (Item 2 of Statement B referred to above)	9,885.
(4)	Extending the Blackpally School. (Item 2 of statement A referred to above)	3,685.
		31,008.

It will be seen from the above that estimates to the extent of Rs.31,008/- have already been sanctioned and the works are likely to be completed by the first quarter of 1929-'30. Therefore for the reasons stated above, the non-recurring portion of grant given for construction but not utilised in 1927-'28 need not be refunded provided it is not used for other than Educational purposes (Vide para 2 of Government of India's letter, Department of Education, Health, etc, No.2303 dated 17-10-'27). The Hon'ble the Resident's orders are requested accordingly.

I have the honour to be,

Sir,

Your most obedient servant,

For PRESIDENT, M.C.

151248

No. 1191/
83-1926

From

A. C. Lothian, Esquire, I.C.S.,

Secretary to the Resident in Mysore.

To

The Audit Officer,

Experiments, Bangalore.

Dated Bangalore, 21st December, 1928.

Unspent grants paid to the Municipal Commission during 1927-28.

Sir,

S.N.57 In reply to your letter No. Bang.Audits.16-832, dated 15th October, 1928, to the Inspector of Schools, Coorg and Bangalore, I am directed to state that the orders contained in item (3) of paragraph 2 of Major Evans-Gordon's letter No.6362/ S.N.79 86-1900, dated the 6th July, 1927, do not apply to the grants 86-00 paid under the five year educational programme, as the two are not analogous cases.

S.N.11 2. In their letter No.203-I/26, dated the 4th March, 1927, the Government of India in the Foreign and Political Department accepted the Resident's proposals for the raising of the three primary schools to the middle standard and the opening of twelve new elementary schools, six each for boys and girls, but they did not consider it desirable to construct all the twelve schools noted on the margin. They accordingly sanctioned the construction of only six buildings during the quinquennium at a capital cost of Rs.60,000/-. For

*
1. Municipal Hafizia School.
2. Municipal School, Blackpalli.
3. Municipal School, Ookadpaliam.

Boys' School.
1. Fraser Town Municipal Muhammadan School.
2. Municipal Hindu School, Shoolay.
3. Tannery Road Municipal School for Panchmas.
4. Municipal Muhammadan School, Old Poor House Road.
5. Municipal School, Narrain Pillay Street or Seppings Road. (Panchamas).
6. Jewellers Street Municipal School (Hindus).

the

₹	Girls' School.
1.	Municipal Girls' School, Puduparacherri (Panchamas).
2.	Municipal Girls' School, Blackpally.
3.	Municipal Muhammadan Girls' School, Arab Lines.
4.	Municipal Girls' School, Ookadpaliam. (Panchamas).
5.	Municipal Hindu Girls' School, Jougupolliem.
6.	Sultankunta or Broadway Muhammadan Girls' School.

the purchase of equipment, a sum of Rs.300/- for each of the twelve schools was sanctioned.

3. The total amount of the non-recurring grants sanctioned by the Resident in his proceedings Nos.4586 and No.7530, dated the 20th May, 1927 and 10th August, 1928, respectively, amounts to Rs.25,500/- (i.e., Rs.12,600/- sanctioned in 1927-28, plus Rs.12,900/- sanctioned in 1928-29) in all, against which the following estimates for further buildings and extensions have been sanctioned by the Municipal Commission the construction of which will begin shortly:-

S.N 14+54

	Rs.
(1) Construction of two additional rooms in the Municipal Hafizia School. (Funds were already placed at the disposal of the Municipal Executive Engineer).	2,300/-
(2) Constructing a Girls' School at Blackpally.	9,864/-
(3) Constructing a Municipal Boys' School at Fraser Town, Bangalore.	7,574/-
(4) Constructing a new Boys' School, Shoolay.	9,885/-
(5) Extending the Blackpally School.	3,685/-
	33,308/-

S.N. 59

It will thus ~~wxe~~ be seen that estimates to the extent of Rs.33,308/- have been sanctioned and that the works are likely to be completed by the first quarter of 1929-30. There is therefore no doubt that the funds provided will be utilised for the purpose for which they were sanctioned by the Government of India. Under the orders contained in letter No.2303/Edn., dated the 17th October, 1927, from the Government of India in the Department of Education, it is clear that no surrender of savings out of non-recurring grants in a particular year is contemplated but only savings out of the 5 years progra a whole.

S.N 30 A

4. In the circumstances, the Hon'ble the Resident considers that it is not desirable to order the refund of non-recurring grants paid to the Municipal Commission in 1927-28, as suggested by you. The question of refund of unspent balances of the non-recurring grants, if any, will be considered after the close of the year 1931-32.

5. As the additional classes in the Municipal Schools at Blackpally, Ookadpaliam, Puduparacherri, and also the night school at Old Poor House Road, were opened late in the year, a sum of Rs.677-4-6 was left unspent out of the recurring grant of Rs.4102/- sanctioned for the year 1927-28. The President, Municipal Commission, Civil and Military Station, Bangalore, has now been directed to refund - - Rs.677-4-6 (rupees six hundred and seventy seven, annas four and pies six only) to Government.

6. The sum of Rs.148-14-6, available under the grant sanctioned for Medical Inspection of school children from the Assigned Tract funds, need not be credited to Government. The Inspector of Schools will be asked to deduct the amount from the grant which he will recommend for the current year.

7. In the circumstances explained above, I am to request that you will be so good as to withdraw your objection, as regards non-recurring grants paid to the Municipal Commission under the five year programme, and let me know that you have done so.

I have the honour to be,
Sir,
Your most obedient servant,

Sd A. C. Lothian,

SECRETARY TO THE RESIDENT.

R/1092/2, dated 17th December, 1928.

(2. The President is requested to inform this office as soon as the sum of Rs.677-4-6 has been refunded to Government as a report has to be made to the Government of India.)

() To (2) only.

SECRETARY TO THE RESIDENT.

From - The Assistant Secretary to the Government of India
in the Foreign and Political Department,

To - The Hon'ble the Resident in Mysore.

Memorandum No. F.111(2)-R/28.

Dated New Delhi, the 15th December 1928.

Registered No. 12021
Date of Receipt 19/12/28
Page No. 83/26

Five year programme of educational expansion.

S.S. 56

Reference your letter No. 10652/83-1926, dated the 17th November 1928.

The Governor-General in Council is pleased to sanction the provision of Rs. 50,890/- (Rupees fifty thousand, eight hundred and ninety) for 1929-30 in connection with the five year programme of educational expansion in the Civil and Military Station, Bangalore. This is without prejudice to any decision which may be arrived at regarding the question of the allocation of the expenditure on the Government Training School, Bangalore, between the Coorg and Central revenues, which is under separate consideration - vide correspondence ending with Foreign and Political Department memorandum No. F.241-R/28, dated the 27th November 1928.

The excess expenditure of Rs. 2,640/- over the total allotment approved for 1929-30 under the five year programme (i.e. Rs.48,250) will be met out of the saving of Rs.7,810/- which accrued in the programme for the Civil and Military Station, Bangalore for 1927-28.

Sd. E.Bertram Higgs,
Assistant Secretary to the Government of India.

Attested.

Superintendent,
Foreign and Political Department.
